Veterans And Soldiers News
By Lori Taylor Ph: 708.388.2425

On May 8th approximately 20 Illinois Army National Guard Soldiers from the 708th Medical Company based in North Riverside returned home to a welcome home ceremony at the North Riverside National Guard Armory. This is the second half of a 45-man team that mobilized in July 2012 and deployed to Sinai, Egypt after training for a brief time at Camp Atterbury, Indiana. The rest of the unit returned home on April 29th.

Silver Star Banner Day was initiated in 2008 by Cook County Commissioner Joan Patricia Murphy, 6th District, to recognize wounded or ill service members who served in a war zone. Cook County Board President Toni Preckwinkle and the Board of Commissioners will honor Silver Star Families of America on Wednesday, June 19th at 11 a.m. at the Cook County Board Room, 118 N. Clark, 5th Floor, in Chicago. Qualifications for the Silver Star Banner are: Any Armed Forces personnel either currently serving honorably or those who have served honorably from ANY war, who have served in a war zone, have been wounded by enemy action, or who have been injured or contracted a serious illness and could be rated at least 10% disabled by the Department of Veterans Affairs. All wounds, injuries or illnesses must have originated in a war zone. Qualified veterans are urged to attend the ceremony on June 19th. However, those who cannot attend can still request a banner. Banner Request Form and a short bio with details regarding their injury and the war zone in which it occurred is required. The form and bio should be signed and returned to the office (address above) no later than Monday, May 20th. Please include your phone number on the request form. All requests will be forwarded to the Silver Star Service Banner Coordinator.

The 708th was split into two teams, running operations out of two separate camps approximately 250 miles apart on the Sinai Peninsula of Egypt and surrounding areas in Egypt and Israel. The unit provided a full range of medical, dental, physical therapy and preventive medicine services to more than 2,500 personnel from 14 countries, who are part of the MFO. Within the medical clinics, 708th Soldiers worked with providers from the United States, Fiji, Columbia, Uruguay and Italy.

708th personnel responded to four mass casualty incidents in a three-month period where they were required to provide expedient, quality care to the patients brought in for treatment. Overall, 40 patients were treated during those four incidents. The unit also assisted in ensuring food-borne illnesses and the spread of diseases did not affect personnel in the area after a water shortage in October. When water returned to the region, water in the new wells was sampled to ensure the water was safe for consumption.

Because of their outstanding support, the 708th personnel and their medical clinics were nominated for the Army Superior Unit Award. Soldiers in the unit also received awards and coins from several general officers including Gen. Raymond Odierno, Chief of Staff for the Army.

Good-bye until next time. God bless you and your family and God bless America and our Troops.
